

Dear Residents of Saltaire,

As you know, Saltaire turns 100 this year! We have several Centennial events planned which will culminate with a grand community celebration on Saturday August 26th, 2017 on the Saltaire ball field.

One of the highlights of this event will be two photo/video montages that will chronicle the century into the first fifty years (1917-1967) and the second fifty years (1968- present).

To ensure that these presentations are reflective of the diverse and rich history of the families that comprised Saltaire over the years, we are asking all residents to consider submitting photos of their family's history in Saltaire (BOTH HISTORIC AND MORE RECENT), any group gatherings in the Village or old Saltaire videos or photographs.

Please send copies of any digitized images from your family's collections to the Dropbox links here:

<https://www.dropbox.com/request/cSobEXdeOyO1AqDpSxjg> First Fifty Years

<https://www.dropbox.com/request/5g8x8heOSQhQlw9orjJn> Second Fifty Years

By submitting the image to one of the drop boxes, the submitter agrees that all images will be retained by the Village for historical purposes. If you want to retain a greater degree of control over any image that you submit, please contact the Village office and we can arrange for a license agreement and a hard drive submission. Contact Georgine from the Village Office at georgine@saltaire.org if you have any questions.

This is going to be a momentous event, and we hope all families will participate in this photo history of the community of Saltaire.

Mayor John Zaccaro
