November 13, 2017

Dear Homeowner:

Following is the link to the application for a 2018 Seasonal Parking Permit at the Saltaire lot in Bay Shore:
<http://www.saltaire.org/parking.pdf>.

Please read this notice carefully to assure that you follow the required procedures to give yourself the best chance of securing a spot in the Saltaire Terminal.

The fee for the 2018 annual parking pass is \$702.06 PLUS Sales Tax. The total fee with the applicable sales tax is **\$762.61**

Permit-holding Homeowners from last year will be guaranteed a spot in the Saltaire lot if their application is received by February 1, 2018. Any parking spots available after February 1 will be allocated to homeowners on a first come first served basis. In order for the Village to have complete control over this process, the entire application must be submitted to the Village office. We will then resubmit the entire application to the operator of the lot, Fire Island Terminal, assigning spots according to the above priority. **The check must still be made out to Fire Island Terminal.**

Therefore, the completed application, together with a photocopy of your vehicle registration, and your check payable to **FIRE ISLAND TERMINAL INC.** should be **MAILED IMMEDIATELY** to the **VILLAGE OFFICE** at:

**VILLAGE OF SALTIRE: PARKING APPLICATION
PO BOX 5551
BAYSHORE, NY 11706**

Parking spaces at the Saltaire lot are limited. There are 245 permits available for Saltaire residents. We hope that we can accommodate all requests with this number of spaces, but there is no guarantee. Permits are limited to one per household. **Please remember to mail the applications directly to the Village Office, and make the check payable to Fire Island Terminal. Permit holders from last year must return the application to the Village Office by February 1, 2018 to guarantee their permit for 2018.**

As always, I hope this letter finds you and your family in good health and you enjoy a happy and healthy Holiday season.

Sincerely,

Mario Posillico
Village Administrator
