

Dear Saltaire Customer,

The United States Postal Service would like to give you the best possible mail service. In order to achieve this goal, they need your cooperation in informing correspondents of your correct **mailing** address. As a Saltaire customer, your mailing address **must** be in the following format:

<p><b>Your Name</b> <b>1 Pomander Walk</b> <b>Saltire NY 11706</b></p>	
--	--

The above **mailing** address is different than the street address of your Saltaire home. However, in order to provide you with quality mail service, your mail must be addressed as above.

Please help the Postal Service to help you by using your correct **mailing** address.

**When you submit a Change-Of-Address from your primary residence, always be sure you checked off TEMPORARY on the form with a beginning and ending date. This will prevent any delay in your mail service when your Fire Island stay has ended.**

Thanks for your cooperation.
